December 20, 2023

Dear Sir/Madam,

I have an Electrical and Telecommunication Degree with excellent problem solving skills. My score is 8.8 CGPA with keen interest in software development. I also have work experience matching the job description.

I have done projects in Phonebook and Countries data.

I have gone through your organization's requirements for Associate Engineer, and I believe I would be a great fit for your organization with the required technical skills in Python, Javascript, HTML, Github and REST API's as well as strong problem solving skills.

I am looking forward to discussing the particulars of this position in more detail.

Sincerely,

Gunjan A Lunkad
